Learning from my agents and correspondents in variou parts of the country, that my Schiedam Aromatic Schnapps is extensively counterfelted, especially in the Southern and Western States, and finding that the pirates daringly advertise their pernicious deceptions under the name which belongs to my article, I think it necessary to caution the community against these venders of poison in disguise. I introduced the Schledam Aromatic Schnapps for the purpose of supplying the medical faculty and the who community with a pure medicinal spirit, which might be prescribed with confidence in all cases where stimulants vere required, without producing the fearful consequences which invariably result from using adulterated liquor. In rder to render assurance doubly sure, I had the article analyzed by chemists of world-wide celebrity, and sub-mitted it for experiment test to thousands of distinguished redical practitioners. The responses from these sources tere of the most unequivocal and satisfactory character.— It is now before the public, surrounded with these guaran-tees, and bearing these unimpeachable endorsements, and I cull upon the community to protect themselves and me t call upon the community to protect themselves and metheir own health and my reputation—by frowning down and repudiating the piratical speculators who are pedding their foul commodities under cover of my trade mark. No article had ever been imported from Holland into this market, on der the name of Schnapps, previous to the appearance of Wolfe's Schiedam Aromatic Schnapps, in this city.

The first importation being made into this city is the year algebra hundred and forty schieles. sighteen hundred and forty-eight, which can be seen by the Custom House books, I deposited my label as a trade mark in the U. S. District Court of the Southern District of New York, in the year eighteen hundred and fifty-one, and have the certificate in my possession of that date. The great mand which has thus been created for the genuine arti le, has set the whole hive of counterfeiters in motion, and he duty I owe to my customers and friends, and the public compels me from time so time to put them on their guard against imposition. THE MOST WONDERFUL Discovery of the Age.

THIS remarkable preparation contains no alcoholic stimulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions and secre tive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to complete restore their impaired or lost functions. All this the propri-eter has a right to say, for it has done all this for him. At the age of thirty-seven he was as gray as the man of sev-enty, and his heir nearly sil fallen off; but he now has an abundant crop, and no person would ever imagine that he ever had a gray hair; and his hair is as soft and pliable as though it had been recently ciled. This is not an isolated case; it has done the same for many others, as the following certificates abundantly prove.

St. Paul, Jan. 1, 1855. Prof. O. J. Wood-Dear Sir: Unsolicited I send you this certificate. After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbed with a good stiff brush, and the Restoration then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong—soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop f hair. Now I have read of these things-and who has not?-but have never hitherto seen any case in which any person's hair was really benefitted by the aid of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and peneral sale throughout the Territory. The people here saw ts effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it.— You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly had despaired long, long ago of ever effecting any such re-sult. I congratulate you that your fortune (and a large one) is already made.

Yours, hastily, J. W. BOND, CARLVLE, Ill., June 27, 1853.

I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderful effect. My hair was becoming, as I admired its wondered elect. My usit was eccupated thought, prematurely gray but by the use of his Restorative, it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE, Ex-Senator United States.

Виоодрівів, Јап. 12, 1855. Prof. Wood-Dear Sir: Having made trial of your Hair Re-torative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troub-led from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no was becoming gray, to its original other article with anything like the same pleasure and profit vones train.
